About Our Behavior Improvement Programs

Each program comes on CD and contains ready-to-use packets, in printable pdf format, that address a specific misbehavior. By matching a packet title to a problem, you will be able to provide positive and reflective lessons—prompting students to re-think their actions.

Discipline packets provide students with logical and constructive learning activities that reinforce school and classroom expectations. Motivation packets provide students with the insight and confidence that’s needed to be successful in school. Packets can be used for classroom detentions, school sponsored after-school or Saturday detentions, and suspensions. They can even be assigned as homework or extra-credit with a parent signature required. Completed packets make for excellent follow-up and discussion starters. Packets may even be an I.E.P. strategy.
